Knotted Necklace
Siena Spesso

Used knots:
Square knot
Lark's head knot
Twisting half square knot

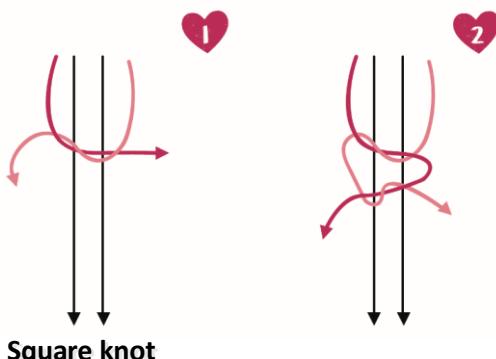

Lark's head knot

Braid with 3 threads the necklace you will work around. Braid until the desirable length. Use 3 threads of 1 meter.

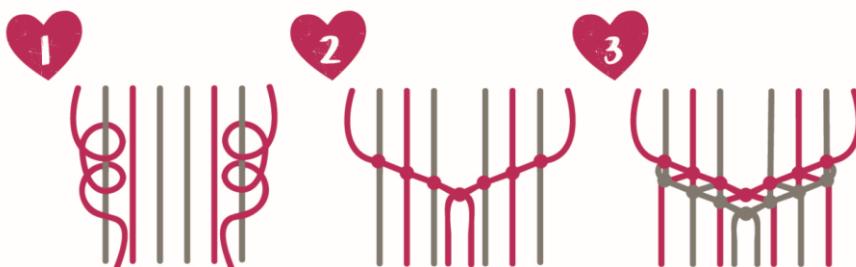

Cut 10 threads of 2,5 m and attach them to the necklace you just made using the lark's head knot. You now have 20 working threads of 1,25 m. Divide the threads in 5 groups of 4 threads. Knot 8 Square knots in all 5 groups.

You will now continue with the Brazilian knots. Start on the outside and knot to the middle. Repeat this on the other side and knot to the middle. Now knot the middle two threads as well. Note! Keep in mind that you knot from left to right, and from right to left. Repeat this once.

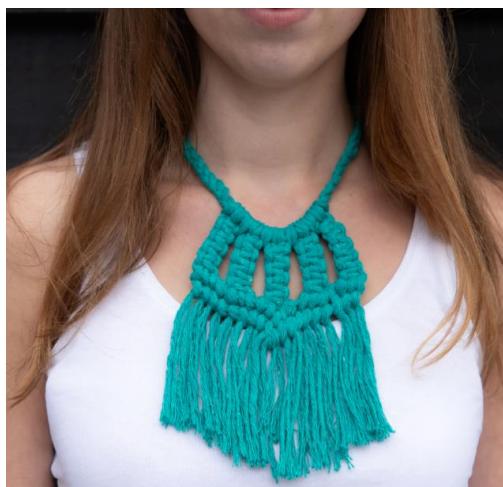

Cut the left over threads on the desired length. Ruffle the threads.

Collier Noué Siena
Spesso

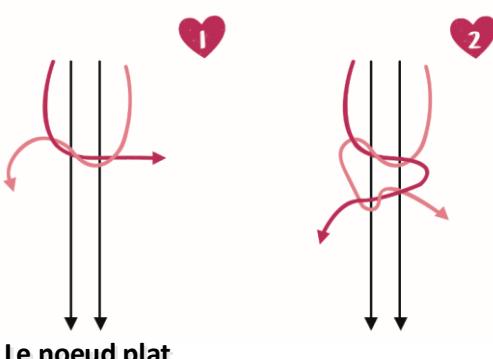

Noeuds utilisés :

Le noeud en tête d'alouette
Le noeud plat
Les noeuds Brésiliens

Le noeud en tête d'alouette

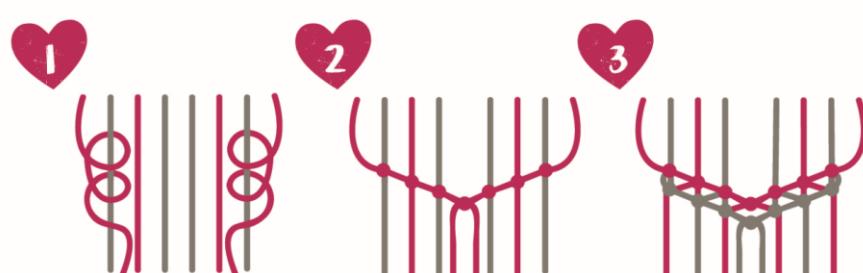

Le noeud plat

Tressez avec 3 fils le collier autour duquel vous allez travailler. Tressez jusqu'à la longueur désirée. Utilisez 3 fils d'1 mètre.

Coupez 10 fils de 2,5 mètres et attachez-les au collier que vous venez de faire avec un noeud en tête d'alouette. Vous avez maintenant 20 fils d'1,25 mètres pour travailler. Divisez les fils en 5 groupes de 4. Nouez 8 noeuds plats dans chacun des 5 groupes.

Vous allez maintenant poursuivre avec des noeuds brésiliens. Commencez par l'extérieur et nouez au milieu. Répétez l'opération de l'autre côté et nouez au milieu. Nouez aussi maintenant les deux fils du milieu. Note ! Gardez à l'esprit que vous nouez et gauche à droite, puis de droite à gauche.
Répétez une fois.

Coupez les fils restants à la longueur souhaitée. Ébouriffez les fils.

Collar anudado Siena Spesso

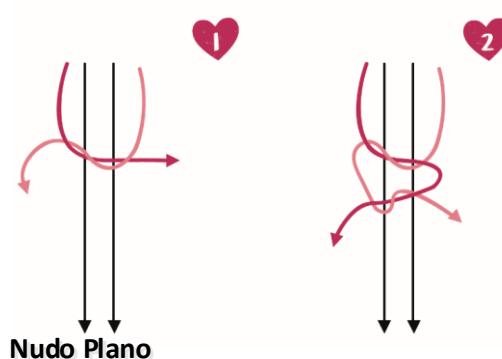

Solo son necesarios nudos básicos:

Nudo alondra
Nudo plano
Nudos Brasileños

Nudo alondra

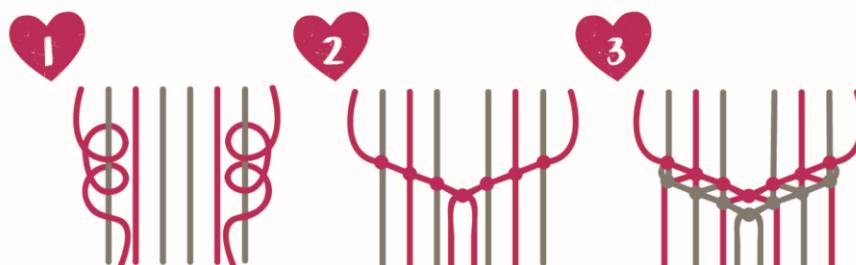

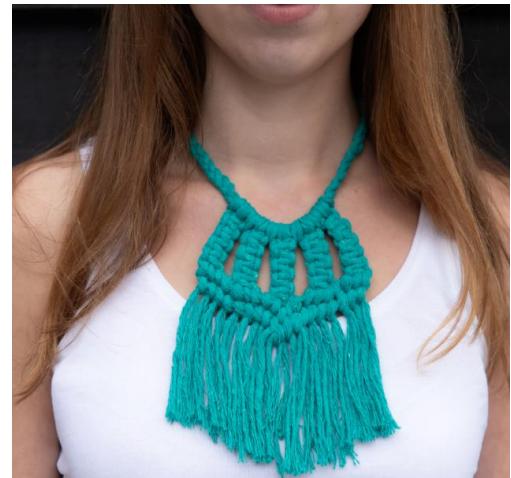

Nudo Plano

Trence con 3 hilos el collar con el que trabajará. Trence hasta que llegue a la longitud deseada. Utilice 3 hilos de 1 metro.

Corte 10 hilos de 2,5 m y añádalos al collar que acaba de hacer utilizando un nudo alondra. Ahora tendrá 20 hilos para trabajar de 1,25 m. Divida los hilos en 5 grupos de 4 hilos. Anude 8 nudos planos en los 5 grupos.

Ahora continúe con los nudos brasileños. Comience en la parte exterior y anude hacia el centro. Repita esto en el otro lado y anude hacia el centro. Ahora anude también los dos hilos del centro. ¡Atención! Tenga en cuenta que anuda de izquierda a derecha y de derecha a izquierda. Repita esto una vez.

Corte los hilos sobrantes a la longitud deseada. Separe los hilos para crear flecos.
